FAO Martin Hujsa- Mundus

Recommendation letter for the company Mundus

We were fully satisfied with the cleaning services of the company Mundus in our offices in Trnava during the period of commissioning the PSA paintshop in the years 2005-2006.

The cooperation with the head-office as well as our team on site was continuous and of a good quality. Mundus did a good job in regular cleaning and one-off cleaning in building reconstructions.

We also appreciated the following qualities/services from the Mundus Team:

- Fast resolution of any problems that occurred
- Good cooperation and communication
- Flexible time schedule
- Qualified working team

We were very satisfied with the services supplied from Mundus Company. We would certainly engage their services again for future projects in Slovakia. We would certainly recommend Mundus to any other Company requiring similar services.
